AWS Membership is your ticket to the wonderful world of wine

AWS Membership is your ticket to the wonderful world of wine, and anyone over 21 and interested in wine can join. The American Wine Society (AWS) is the oldest and largest consumer organization in the U.S. dedicated to promoting wine appreciation. AWS Members teach each other in a fun, relaxed setting and all knowledge levels are welcome.

Who is AWS?

AWS is a non-profit, national organization of over 4,500 wine enthusiasts and 125 chapters throughout the U.S. and Canada - people from beginner to expert who love to learn about wine. AWS is known and respected in the wine industry and has remarkable relationships with winemakers, wineries and wine-related businesses around the globe, and hosts the only school for wine judge certification.

AWS Chapters are groups of friends and like-minded individuals who enjoy getting together to share experiences and learn about wine. They organize wine tastings and other events to suit their members' interests. Chapters range from serious tastings to social events to winemaking to wine and food pairing - whatever the members prefer.

Our members include wine consumers; amateur and professional winemakers; chefs and restaurateurs; educators; journalists; students; wine distributors, wholesalers and retailers; winery owners and operators; home cooks and foodies and wine lovers everywhere!

Individual members are not required to belong to any local chapter, but if you'd like to enjoy wine with a group and there isn't a chapter in your area, we can help you start one.
